EQUIPMENT & AVIONICS

Dual flight control display system (FCDS) - 4 x SMD45
 GPS/ NAV/COM system - 2 x Garmin 430
 Audio/comm. control system - 2 x ACU 1600-2-120
 High impedance IC amplifier - Becker IC 3100-4-01
 Marker beacon receiver/lights - Honeywell KR21
 Distance Measuring Equipment (DME) - Chelton DMS-44A
 Transponder (Mode S) - Garmin GTX330
 Battery relocated to the rear
 Avionics solution B1 interconnection/wiring
 7" co-pilot instrument panel with glare shield - 2 x SMD45
 Bleed air heating system
 Ventilation for avionics compartment
 Additional electrical unit for 400/200 W light
 Radar altimeter - Honeywell KRA405B
 MEGHAS sensor kit
 Automatic flight control system (AFCS), 3 axis
 Automatic Direction Finder (ADF) - Chelton DFS 43A
 Emergency Locator Transmitter (ELT) with NAV option - Artex C406-N HM
 WX radar, fixed provisions
 Video radar unit (VRU) for weather radar indication
 VHF FM programmable radio - NAT NPX138
 8500 Analyser, fixed provisions
 SkyTrac system - ISAT100
 Standby Attitude Indicator - AI804DC
 Emergency Power Supply - PS-835C

CONFIGURATION

Wire strike kit, fixed provisions
 Fuzz burner for engines
 Fuzz burner for tail rotor and intermediate gearbox
 Chip detectors for tail rotor and intermediate gearbox
 Fuzz burner for main transmission
 Engine compressor washing device
 Dual window in clam-shell door
 Tinted sun shades for cockpit windshield roof section
 Co-pilot flight controls
 Pedal cover for co-pilot flight controls
 Map case in co-pilot door
 Illuminated chart holder, pilot side
 Air conditioning (Aircom)
 Emergency floats
 2nd portable fire extinguisher
 Comfort improvement kit
 Passenger seating, 8 club seats
 Jettisonable cockpit doors
 Inlet barrier filters (IBF) (AA – Australia)
 42 A hr lead acid battery (STC – Australia)
 Floor protective coverings
 Search light
 Strobe lights, white
 Engine cowling heat blankets
 Push-out cabin windows
 Sliding door fasteners; intermediate and max posn
 AHRS free steer mode

NOTE: The above list is in addition to the baseline aircraft definition provided by Eurocopter. All are OEM items unless details specifically added to line item.

THE FOLLOWING ITEMS CAN BE INSTALLED ON REQUEST:

Weather radar, HUMS, EGPWS, CVR/FDR and HFDM.
